

Chair: Aaron Yangello

Description: The 2017 IEEE SAC T-Shirt Design Competition promotes creativity and innovation through color and graphic design. The reach of engineering extends well past the functionality of design; just as important are the aesthetics and look. The design and creation of a T-Shirt is an exciting way to refine the creativity and designer's eye of aspiring engineers. The object of this competition is simply to design and display

Corresponding Email: yangelloa1@students.rowan.edu

Eligibility:

Membership: The entrant must be a member of an official IEEE Student Branch.

Number of Entries:

Total Entry Limit: There shall be no limit of entries in the contest. If there is only one entry, the counselor may declare the author submitting the design the winner of the competition.

Entries per School: There shall be no limit to the number of papers one school submits to the competition.

Entries per Student: There shall only be one paper submitted by a single student.

Design Requirements:

Colors: Designs may be in color or black and white.

Display: Designs may be printed on paper, poster, or a T-Shirt. Regardless of display medium, entrant is responsible for printing, transporting, and delivering the printed design.

Elements: The designer has complete freedom and total control of the design. The single elemental requirement is that the IEEE logo be incorporated into the design in some form. Elements may not contain any profanity or offensive language or graphics. The 2017 IEEE Region 2 SAC T-Shirt Design Competition committee reserves the right to withhold any design deemed inappropriate from the competition.

Name: Each design is required to have a unique name. There are no restrictions on this name, however profane or inappropriate names are prohibited. The 2017 IEEE Region 2 SAC T-Shirt Design Competition committee reserves the right to withhold any design with a name deemed inappropriate from the competition.

Submission:

Digital: A digital upload of the finished design, in an image format (i.e. PDF, JPEG, PNG), is required and can be completed at sac17.rowanieee.org/tshirt-submission. The deadline for the digital submission is April 7, 2017 at 11:59 pm.

Print: A printed copy of the finished design must be delivered to the 2017 IEEE SAC service desk, located in Rowan Hall (the building in which the competitions will be held), no later than April 8, 2017 at 8:00 am.

Judging: Judging will be based on peer voting, and votes will be cast online. Designs will be displayed online and at the banquet hall, and designers will have the opportunity to parade and show off their prints at the banquet dinner, just before the votes are finalized.

Winners: There shall be one winner, determined by a majority vote.

Challenging and Contesting: In the event that any discrepancy in the rules arises or any clarification is needed, it will be settled by judgment of the 2017 IEEE Region 2 SAC T-Shirt Design Competition committee. Any rulings made by the committee will be considered official and final.
